Conversations With Alexis™

Welcome to Season 4!

ABOUT CONVERSATIONS WITH ALEXIS

What started as a dream a few years ago has become a reality through the medium of Conversations With Alexis. CWA is an interview style podcast that hosts guests from all walks of life. People with incredible stories of perseverance, success, tests and victories. No guest or story is the same, yet they all inspire the listeners to dream a little bigger, believe in themselves more and to live life to the fullest. Our very on host incorporates episodes with life lessons she has learned and wisdom she has gleaned. We believe the quality of conversations we bring to our audience helps catapult them to a dimension of doing, not just hearing. Have you ever had a really great conversation that encouraged you, challenged you and gave you courage? Well that's what you are in for with CWA - these conversations just may change your life!
